

## CO-SPONSORED EVENTS

Plentywood Education and Alumni Foundation

One moment in time . . .

How many times since your baby's birth have you wished to be able to capture that moment forever?

It is our desire to not only record the physical characteristics of your child, but to capture their unique personality and spirit.

Our approach to portraiture is to "design" a portrait to meet your individual needs for something truly creative and unique.

**HEIL PHOTOGRAPHICS, ALONG WITH LITTLE MUDDY DRY GOODS AND PLENTYWOOD EDUCATION & ALUMNI FOUNDATION**

 A portion of the proceeds will go to the Foundation.  
 765 - 1803

*Children's Classic Portraits*

**L**ittle Muddy Dry Goods located on Main Street in Plentywood, MT. was the host for Children's Classic Portraits. Heil Photographics, of Medicine Lake, MT brought in different sets and photographed children to adults throughout the day. A portion of the proceeds went to the Plentywood Education and Alumni Foundation. Little Muddy also donated a portion of their proceeds from sales the week of and the day of the portraits. Karleen Harris, Plentywood Art teacher and her children were photographed by Lisa Schmitz. Posters were designed using their images to market the event. Additional proceeds were given to the Foundation when individual portrait packages were ordered.

## GET FIT SHERIDAN COUNTY

Kordelia French - Director of PEAFF with Dennis Ketterman - Montana Fit kick off Phase II at the Blue Moon.

Jens Sundsted, of Plentywood, oldest member poses with youngest member, Andrew Eberling at Laura Belle's after the 3-mile walk ending Phase I.

**P**lentywood Education and Alumni Foundation joins Montana Fit to promote physical fitness. When the 'Get Fit' Sheridan County program first started in November of 2004, we had no idea how it would be received, or even if it would get off the ground. We were surprised when so many people signed up for Phase I - 82 participants. What kept everyone motivated through the bitterly cold winter months was the team concept which helped to complete the three month program. Collectively participants logged over 11,600 miles which converted into over 64,000 points. Phase II, began on March 19, 2005 with new members, new teams and new goals. One new goal for the program was to have all

Sheridan County businesses involved by sponsoring employee teams. Also, the number of team members was changed from a maximum of 10 to 5, which made it easier for the team captains to manage and a more reasonable rate for sponsors. Phase II had 15 teams sign up and participate in the 3 - month self monitoring walking, jogging, biking, aerobics and a variety of other fitness activities. T- shirt and other prizes were given to each participant. A portion of the proceeds went to Plentywood Education & Alumni Foundation.
